Out of concern for your health and safety, we have moved the date to September 24th, and we are looking forward to seeing you then.

Each member may bring one guest, but all golfers must be age 50 or older. The cost per golfer is $50 for members and joint account holders, and $80 for non-members. The deadline to register is Friday, September 11, 2020. Please call 989.249.8262 or 800.227.2328 ext. 8262, to register.

We are taking these steps for everyone’s safety. Sanitizing stations will be available, and we ask that you please wear a mask when you visit the branch. We are also asking that you limit the number of people coming into the lobby to only those required for your transaction.

Because of limited capacity, you may still find it more convenient and quicker to use the drive thru lanes for your usual transactions.

We are looking forward to seeing you.

Shred Day
We are currently planning to host our ever-popular “Shred Day” on Wednesday, July 15th. The truck will be at our Bay Road Branch from 10:00 a.m.-1:00 p.m. (we have added an extra hour for your convenience). You are welcome to bring your personal documents (no businesses, please) that you want shredded. Please note you are limited to 4 grocery size bags or boxes.

For your health and safety we ask that you remain in your car and follow the cone line and put all shred materials in the seat behind the driver’s seat. Thank you for your cooperation.

Items that can be shredded include white and colored paper, file folders, staples & paperclips, checks & check registers, income tax returns and other confidential mail.

Items that cannot be shredded include hazardous materials, batteries, clothing, heavy metal objects such as nuts & bolts, three ring binders, wood or glass, tools, lighters, plastic bags, x-rays, and prescription bottles.

*If we have to cancel or reschedule, we will post information on our website and social media.

Be Aware!
You have probably been hearing a lot about contact tracing. It’s the process of identifying people who have come in contact with someone who has tested positive for COVID-19. Contact tracers are usually hired by a state’s department of public health. They work with infected people to get the names and phone numbers of everyone that the infected person came in close contact with while possibly infectious.

Contact tracing plays an important part of helping stop the spread of COVID-19. But, scammers are now pretending to be contact tracers and are sending text messages that ask you to click a link. They may also call and ask you for personal information like your Social Security number, bank account or credit card number. Anyone asking these questions is a scammer.

Legitimate contact tracers from the health department will send text messages only to let you know they will be calling, and will not ask for personal information like bank account numbers. At the end of the call, they may ask if you would like to enroll in a text program that sends daily health and safety reminders until the 14-day quarantine ends. If you receive a text message from someone claiming to be a contact tracer and are unsure, please contact your local health department.

Community Spotlight
Once again, our credit union community came together, this time to help our members affected by the recent floods. In the period of just a few short days, all of the credit unions associated with the Mid-Michigan Chapter of Credit Unions met to develop and contribute to a mini grant program for members suffering damage in the flooded areas of our region. We had an overwhelming response and were so happy to help some of the residents who were in need of assistance.

We also would like to say congratulations to the 6 winners of the first Wildfire Launch Scholarship program. We were able to give each recipient $1,000 to help with their college costs for the 2020-2021 academic year.
